

VIRGINIA COMMISSION FOR THE ARTS

CREATIVE COMMUNITY PARTNERSHIP GRANTS

About the VCA

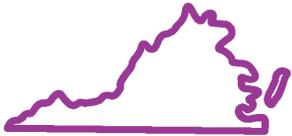

Established in 1968, the Virginia Commission for the Arts (VCA) is the state agency that invests in the arts across the Commonwealth of Virginia. Investments are made possible through funding from the Virginia General Assembly and the National Endowment for the Arts.

About Creative Community Partnership Grants

The VCA's Creative Community Partnership Grant program supports and enhances Virginia's artistic landscape by providing matching grants to independent towns, cities, counties, and tribal governments in Virginia. Funding directly supports the arts and may be sub-granted either by a local arts commission/council or directly by the governing body. The CCPG program enables local and tribal governments to take an active role in strengthening the cultural infrastructure of their communities and contribute to the enrichment of people's lives through the arts.
